The Industry's Buzzing about the SOUC

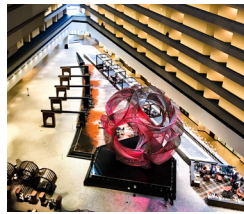

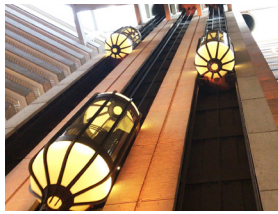

"The annual conference is a 'must-attend' for any SedonaOffice User. The benefits of participation far outweigh any costs. There is no better place to network with other Users, speak face-to-face with staff members, and learn about where SedonaOffice is going in the future."

Tom Irving | CFO, A-Com Security

"As a brand new SedonaOffice User, the conference was invaluable because of the quality of education we received, connections we formed with existing Users, and opportunities we had to get to know the SedonaOffice team. We are already preparing for next year in San Francisco!"

Beth Hahn | President, Berkshire Systems Group, Inc.
