## About this Document

This Reference Document is for use by SedonaOffice customers only.  This document is not intended to serve as an operating or setup manual.  Its purpose is to provide an overview of the enhancements and corrections made in the release and is to be used for reference purposes only.

SedonaOffice reserves the right to modify the SedonaOffice product described in this document at any time and without notice.  Information contained in this document is subject to change without notice.  Companies, names and data used in examples herein are fictitious unless otherwise noted.  In no event shall SedonaOffice be held liable for any incidental, indirect, special, or consequential damages arising from or related to this guide or the information contained herein.  The information contained in this document is the property of SedonaOffice.

This document may be updated periodically; please to visit our website at www.sedonaoffice.com for the most current version.  Copyright 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016

## Overview

This document is being provided to explain the changes made to the SedonaOffice application since Version 5.7.42.  This is an intermediate version update that contains application corrections only.

**Version 5.7.43**
**Release Notice**

## About This Release

These release notes document the application corrections made after version 5.7.42 was released. *Customers updating from a version prior to 5.7.40 should read the release notes for that version as important changes were made in that release.*

## Application Corrections

## Accounts Payable

### Purchase Orders

Reported Issue:  Purchase orders did not display the vendor name, part numbers and total cost after they had been saved.  This issue has been corrected.

## Reports

### Income Statement By Category

Reported Issue:  The calculations displayed on this report were not updating correctly and the format had changed to automatically include zero balance accounts.  This report has been corrected to show the correct calculations.   Two new options have been added to enable users to select whether zero balance accounts should be included as well as to have the report recalculate summary totals.

Last Revised:  October 26, 2016
